

# WORKSHOPS

## BRUISES ON THE SOUL: HEALING FOR THE ABUSED, HOPELESS AND HELPLESS:

taught by Dr. Keny Felix, Richmond Graduate University

Kids today are flipping out silently. They are dealing with more problems of abuse that they can define. This workshop will begin with an overview of abuse in its various forms, and share how and when youth workers should intervene. This workshop will also give you skills to help students navigate the pain abuse leaves in its path. The goal is to help you learn how to help kids move from resting in the numbness of abuse to finding a greater life in the Kingdom.

## ALL IN THE FAMILY:

taught by Dr. Keny Felix, Richmond Graduate University

Youth ministry involves the whole family. No matter how much time students spend with a youth leader, at the end of the day they still go home! When we listen to family situations through only the mouths of our youth it's easy to view parents as obstacles rather than partners in their child's growth. If Momma's not home, Daddy's not connected, one sibling parents another sibling, and Grandma can't "hear" you, then what do you do? How can you help youth live and grow in their families instead of just surviving? Through the use of discussion, video and activities this workshop will help you talk to parents, get them involved, and deal with intense situations. You will gain practical tools in walking out life with youth and their families.

## A THEOLOGY OF CREATIVITY:

taught by Todd Breiner, Christ Fellowship

Many youth groups are "stuck-in-a-rut" of doing the same basic youth ministry format week after week. This workshop will help you develop an innovative, creative approach to teaching the Bible that will help to inspire your kids so they will look forward to attending youth group every week.

## MULTI-SENSORY TEACHING:

taught by Todd Breiner, Christ Fellowship

This workshop will teach you how to increase attention, comprehension and retention in your teaching by incorporating multi-sensory elements into your program.

## RE-IMAGINING EVANGELISM & DISCIPLESHIP IN A POSTMODERN CULTURE:

taught by Dr. Tommy Carrington, Urban Training Network / Miami Youth for Christ

There is no doubt that youth ministry today, looks very different from ministry even a few years ago. Much of this change is due to what is referred to as the current Postmodern culture we live in. Like it or not, in order to have an effective ministry, it is absolutely essential to understand the culture, and implement a strategy that is relevant to this generation. This workshop will provide an overview of the postmodern culture and shed light on how *postmodernism* has, and will continue to affect the future of youth ministry. Guidelines for evangelism and discipleship in a postmodern culture will be addressed.

## TEEN TRACK: MOVING STUDENTS FROM SALVATION TO LORDSHIP:

taught by Solomon Blatch, The World Deliverance Missionary Evangelistic Center

One minute you're led by the lyrics of an Artist...the next minute you're led by a Facebook holla...then it's a friend, a bully, or anyone who will give you some attention! But what if you were a teenager being led by a King? What if you had treasure of your own, and not borrowed from a music video? In this session, you will have the opportunity to better understand the concepts of kings and kingdoms. We have seen counterfeits (warlords, gang leaders and religious hierarchies). The goal of our time together is to reintroduce the concept of a king, his kingdom and what it means to be a royal subject and heir to the throne. Come and learn how to be a teenage leader through interactive learning, group discussion, investigation, role-play.
